Subject: Request for waiver of deadline

DOCKET FILE COPY ORIGINAL

CC Docket Nos. 96-45 and 97-21

Request for waiver of deadline

ERates Funding Year 2001

FRN Number: 0000645807

FCC 471 App Number: 0000251875

To whom it may concern:

I am writing to request a waiver of deadline for filing form 486 Receipt of Service Confirmation Form with the SLD, which apparently should have been filed 120 days after we were notified of a funding decision. Our 486 form **is** prepared and ready for mailing. It will be followed immediately by a form 472, pursuant to acceptance of form 486.

Do to my own extended personal illness, I neglected to note this deadline, thinking that I had already filed the appropriate forms. To prevent this happening again, in the future, I will be sure to name a second party within our school district to handle deadlines concerning to the E-Rates program and have a printed timeline available.

The lack of funds that would result from our inability to be reimbursed for our Internet services could impact our ability to serve our student needs.

Sincerely,

Timothy P. Urban
